

## Nakomelingen van Gijsbert Thaenisz in den Boogaertman

Dear family,

friends and interested parties

It was with pleasure that I engaged in my research into my own family history and the families by marriage.

Eventually, it became a search for the descendants of my ancestor.

### Gijsbert Thaenisz in the Boogaertman

On 3 March 2025, my search led to the following results;

- Descendants have been found in Europe, America, Canada, Australia and New Zealand.
- A total of 91,757 people can be found, spread over 35,673 families.

#### These include:

- **35,126** descendants of **Gijsbert Thaenisz in Boogaertman**, and of these:
  - 19,115 descendants of grandson Gijsbert Theunisz Bogaert.
  - 14,996 descendants of grandson Louw Theunisz Bogaert.
  - 4,302 descendants of grandson Cornelis Theunisz Bogaert.The 3 brothers together have 38,413 descendants.
  - The difference of 3,287 is descendants from a marriage between cousins.
- **19,127** descendants of **Charlemagne**, and of these, through the "**FOUR WOMEN**",
  - 7,648 offspring in 13 generations of Neeltje C. van Schaik / partner Cornelis F. Bogaert.
  - 3,310 offspring in 11 generations of Teuntje P. van Casant / partner Cornelis Bogaert.
  - 2,141 offspring in 11 generations of Johanna Heijkoop / partner Jan van Meeteren.
  - 1,416 offspring in 10 generations of Antenet van der Leeden / partner Abraham Bogaard.These **14,515** descendants are also descendants of Gijsbert Thaenisz in Boogaertman.
- The other 4,612 descendants are not through the "FOUR WOMEN" descendants of Gijsbert Thaenisz in the Boogaertman, but a number are still descendants through other relationships.
- More than 10,000 "portrait photos".

On my website [bogerdgenealogie.jouwweb.nl](http://bogerdgenealogie.jouwweb.nl), I have made it possible for you to easily start your own family research and to further expand and shape it with;

#### Ancestor overviews.

- A total of 190 offspring, who are married in 35 residences, of which I have placed between **9** and **20** generations of ancestor records, free for download.
- You will also find an overview of the surnames of the descendants of these **190** descendants and their partners.
- To date, the ancestor overviews have been downloaded **30,003** times

#### Digital Bogerd Family book:

- The **3rd** version, 2024 edition with 237 pages, is still available on the website and can be downloaded.
- The Dutch edition has been downloaded by you **2,506** times to date.
- The English edition has been downloaded **517** times by you to date.

The details of the ancestor overview on the website are in line with the ancestor overviews of "**the FOUR WOMEN**", mentioned in **Chapter 13 of the Digital Bogerd Family Book**.

- With these 2 types of overviews, you can easily find out whether your ancestor line continues to our rural nobility or even further to Charlemagne.

All in all, I am glad that many of you have made so much use of my research data.

Many of you have received me at home and others have helped me for years to get my data as complete and correct as possible. **I would like to thank you very much for this.**

To conclude my research, I have decided to make my digital file available to 9 descendants. Confident that they will handle this data with integrity and correctness.

I wish you good luck and lots of fun searching for your family history.
